

PROST AID Calgary's fundraising campaign is to create "PROST AID Home," where men with prostate cancer and their families experience caring, sharing & comfort.

1 in 7 men in Canada will develop prostate cancer during their lifetime.

## PROST AID Calgary has Four Missions:

To provide peer-to-peer mutual support for men and their families on their journey with prostate cancer

To educate and inform the community about prostate cancer

To increase public awareness and understanding of the disease

To advocate for a strong provincial voice in matters relating to prostate cancer.
